8th February 2019

Dear Parents/ Carers,

In response to an open letter received today about the Year 6 residential in June we would like to clarify some possible concerns.

This year's trip was provisionally booked for Wales, 2 text messages were sent about this trip so we could gather an idea of numbers. Unfortunately due to a low response we lost the booking. This in turn led to several conversations with other companies that offer residential experiences. These companies were either too expensive or didn't have the availability.

The proposed residential to High Adventure Education Centre is the best option and price we have been able to secure. We appreciate that the price is high and that we are late releasing the information but every effort will be made to support parents financially. If you would like to discuss payment options or you feel your payments would need to go past the May deadline please speak to the Office who will be able to assist you further.

A meeting will be held with parents and necessary staff after the half term to discuss possible fundraising ideas and dates. This meeting will not be to discuss the current price of the residential. We would love all Year 6 to be able to enjoy this experience and would fully support any fundraising ideas or suggestions that you may have.

Kind regards,

Lawton.

Mrs K. Lawton
